

Our Mission Statement:

Our mission is to foster productive and responsible young people through effective community collaborations.

- Our goal is to reduce delinquency by providing positive opportunities for youth development.
- Our objective is to provide access to resources and support for youth experiencing barriers such as *poverty, abuse, disabilities, inequality, alienation, and low school performance*, thus reducing the likelihood of involvement in gangs and the juvenile justice system.
- Objectives are attained through collaboration and partnerships with local public and private nonprofit agencies that specialize in reducing such barriers.

How does CVCT COLLABORATIVE accomplish its objective?

By providing a monthly meeting as a vehicle for our community partners to collaborate and network on:

- School & Education Based Youth Programming
- Juvenile Diversion and Prevention
- Youth Health and Social Services
- Youth Development

By direct financial support and collaboration with:

- East Coachella Valley Community Organizations that provide social, recreation, education, and other social services like counseling, youth development, housing, food distribution, and other programs that prevent involvement in gangs and delinquency.
- Providing financial aid to DSUSD and CVUSD High School Seniors to continue their education or pursue a career certification training program.
- Providing “seed money” for new programs that are needed to meet the needs of “at risk” youth living in the East Coachella Valley.

How does CVCT COLLABORATIVE evaluate its programs?

- Soliciting feedback from community partners on program success and challenges through surveys and presentations.
- Tracking and documenting the financial aid provided to partner agencies that address juvenile diversion.
- Documenting data on the number of youth served through CVCT Collaborative funding and by tracking the areas served.
